E. G. HITCHCOCK,
Marshal Republic of Hawaii.
Honolulu, Jan. 22, 1895.
1243-1f

NOTICE.

SPECIAL ORDERS, No. 26.

The Military Commission now in session in this city, convened by Special Orders No. 25, dated January 16, 1895, from these Headquarters will hold its sessions without regard to hours.

By order of the Commander-in-Chief.
JNO. H. SOPER,
Adjutant-General.
Adjutant-General's Office, Honolulu, January 19, 1895. 1243-1f

PROCLAMATION.

EXECUTIVE BUILDING,
HONOLULU, H. I., January 7, 1895.

The right of WRIT OF HABEAS CORPUS is hereby suspended and MARTIAL LAW is instituted and established throughout the Island of Oahu, to continue until further notice, during which time, however, the Courts will continue in session and conduct ordinary business as usual, except as aforesaid.

By the President:

SANFORD B. DOLE,

President of the Republic of Hawaii.

J. A. KING,

Minister of the Interior.
1231-1f

GENERAL HEADQUARTERS, REPUBLIC OF HAWAII,
ADJUTANT GENERAL'S OFFICE,
HONOLULU, Island of Oahu, H. I.,
January 16, 1895,
SPECIAL ORDER No. 25.

ORDER FOR A MILITARY COMMISSION.

A Military Commission is hereby ordered to meet at Honolulu, Island of Oahu, on Thursday, the 17th day of January, A. D. 1895, at 10 o'clock a. m., and thereafter from day to day for the trial of such prisoners as may be brought before it on the charges and specifications to be presented by the Judge Advocate.

The Officers composing the Commission are:
1. Colonel William Austin Whiting, First Regiment, N. G. H.
2. Lieutenant-Colonel J. H. Fisher, First Regiment, N. G. H.
3. Captain C. W. Ziegler, Company F, N. G. H.
4. Captain J. M. Camara, Jr., Company C, N. G. H.
5. Captain J. W. Pratt, Adjutant, N. G. H.
6. Captain W. C. Wilder, Jr., Company D, N. G. H.
7. First Lieutenant J. W. Jones, Company D, N. G. H.
Captain William A. Kinney, Aide-de-Camp on General Staff, Judge Advocate.

By order of the Commander-in-Chief.
(Signed) JNO. H. SOPER,
1239-1f Adjutant-General.

NOTICE.

Under MARTIAL LAW every person found upon the streets or in any public place between the hours of

9:30 P. M. and 5 A. M. will be liable to arrest, unless provided with a pass from Military Headquarters of the Marshal's Office.

The gathering of crowds is prohibited.

Anyone disturbing the peace or disobeying orders is liable to summary arrest without warrant.

By order of the Commander-in-Chief,
J. H. SOPER,
1231-1f Adjutant-General.

IRRIGATION NOTICE.

Holders of water privileges, or those paying water rates, are hereby notified that the hours for irrigation purposes are from 7 to 8 o'clock A. M., and 5 to 6 o'clock P. M.

A. BROWN,
Superintendent Honolulu Water Works.
Approved:
J. A. King,
Minister of the Interior.
Honolulu, May 25, 1894. 1183-1f

The Daily Bulletin.

Advised to neither See nor Hear
But Established for the Benefit of All.

WEDNESDAY, JAN. 23 1895.

It must be stamped as highly unbecoming for a newspaper to be making promptings and suggestions to such a solemn tribunal as the Military Commission. When the same newspaper presumes further to attack counsel for the prisoners its conduct is nothing short of indecent. It is time that a lesson was read to such presumptuous journalism by the authorities.

Any organization that usurps in any way the functions of government is rebellious, and the Government of the day is bound, in the protection of its own good name and dignity, to suppress it at all costs. Everything that has been gained for stable government and the cause of law and order, by the triumph of the Government over insurrection, would be lost by even the temporary dominance of any organization or combination outside of the law.

Mr. Hatch, Minister of Foreign Affairs, is reported from San Francisco as having there divulged part of his mission as being the enlisting of capital for a cable. Should he succeed in such an enterprise, the BULLETIN would take back its criticism of his mission to the Coast, when such was reported to have another and seemingly unnecessary object. If the United States Congress, under the influence of the news of our latest troubles, does not pass a special appropriation bill forthwith, giving an availing subsidy for a cable to Hawaii, it will look very much as if the Congress did not regard American interests in these islands as very important.

AN INSANE REBEL.

James Lane Tries to Escape and is Knocked on the Head.

Last night James Lane, one of the prisoners taken at Bertelmann's, made an attempt to escape from the police station which resulted disastrously to himself. He had been showing symptoms of mental aberration for some days. At halfpast seven last night, when he had been taken near a window upstairs to get air and exercise, Lane made a move as if he would jump out of the window. Had he succeeded he would almost certainly have been killed. The guard attending him led him away from the window to a place near the head of the stairs.

Lane suddenly eluded the guard and sprang from the head of the stairs, bringing up in one leap on the midstairs landing. Here he glided past another guard and, in a couple of leaps, was in the passage leading to the receiving station. He stumbled and fell but was on his feet again as quickly as a cat could be, and dashing past two more guards emerged in the receiving station. H. S. Padgett, one of the guards, clubbed the fugitive with his gun, knocking him down and laying his scalp open in a gash of four inches long. W. P. O'Brien, who went to help Padgett, got a blow aimed at Lane, and other guardsmen were hurt in the struggle with the desperate prisoner.

It took several men to hold Lane while Dr. Cooper dressed his wound. When taken to a cell below afterward Lane was violent, several policemen being required to restrain him. His sister was admitted later, however, and proved to have a quiet influence over him. This morning at seven o'clock Lane took another violent turn, and six policemen had all they could do to hold him down. He believes that he was the slayer of Charles L. Carter and raves and prays in remorse.

THE CITY SHAKEN.

Sharp Earthquake Shock Experienced Tuesday Night.

There was a lively tremor felt in Honolulu about 10 o'clock last night. It was the strongest earthquake shock experienced on this island in a long time. The most solid buildings trembled and gave out a rumbling sound, and loose articles rattled in houses. Many people thought somebody was shaking their doors or window shutters for a lark until they found it was an invisible hand and by comparing notes with others realized the true cause of the trembling. Several persons on the first floor of the Hawaiian Hotel at first took it that a lot of furniture was being upset upstairs. Some of the guests were rather delighted with the shock, as a treat for tourists added to the mild excitement of martial law.

Poor Digestion

Leads to nervousness, fretfulness, peevishness, chronic Dyspepsia and great misery. Hood's Sarsaparilla is the remedy. It tones the stomach, creates an appetite, and gives a relish to food. It makes pure blood and gives healthy action to all the organs of the body. Take Hood's for Hood's Sarsaparilla Cures.

Hood's Pills become the favorite cathartic with every one who tries them. 25c.

Timely Topics

January 19, 1895.

Electricity and the methods of handling it may be reckoned among the greatest of the world's wonders; such advancement has been made with it during the past few years, that it is difficult for even electricians themselves to tell where its uses will end. No one would have believed a few years ago that anything that moved so rapidly could be measured, and yet it is, and the people who have meters in their houses realize it. Every year brings us greater knowledge on the subject; and with it comes a desire to go deeper into the mystery. A few years hence there may be appliances with the aid of which we may come down town without exercising our limbs at all; there's nothing impossible in electrical science after what has already been accomplished.

A plantation manager called on us the other day in search of plows, and when he examined them he remarked that "the stock is not only larger than the other dealers combined, but that the plows were of a better quality." It was no trouble to sell him just what he wanted. The demand upon us for plantation implements is always at the top notch, and for that reason we always keep a good stock on hand.

Among plantation supplies we can truthfully say that our Hendry Breaker and Double Furrow plows have filled a want, and every manager who has them on his plantation tells us they are the best plows he ever had on his place. Our stock of the Hendry Plows, bath Breaker and Double Furrows, is large, and we can supply any demand that we may have. If you will compare their capabilities with other plows you will see where they are superior.

Every plantation on the Islands uses fertilizer to a greater or less extent. If you doubt it drive out Kalihi way and see the immense works of the Pacific Guano Fertilizer Co. The difficulty the plantation manager has had to contend with in the use of fertilizer is to secure an implement that will distribute it economically, yet thoroughly. We believe our Avery Distributor is the most perfect machine for the purpose ever put on the market. This has been in use on the plantations of Louisiana for a long time, and is now being used with great success on Hawaii. By the use of this machine there is absolutely no waste of material, and nine acres can be thoroughly covered in one day by one man. It means economy to the plantation that uses it both in labor and material. The Avery Cane Cultivator is another machine that is making its inroads on the plantations here after a thorough trial in Louisiana. We have sold several of them on Hawaii and the parties using them seem perfectly satisfied with their purchase. We believe this machine is destined to be extensively used wherever sugar cane grows.

We have made arrangements for the handling of the celebrated Pasteur Filters so much used in the United States in places of business, public institutions and private residences. These filters are rented or sold outright as people prefer. One of them is now in use at the Queen's Hospital, and after a careful trial by a Honolulu physician, says:

"I have examined the 'Pasteur Filter' manufactured by the Pasteur Chamberland Filter Co. I consider it to be the most efficient filter I have ever seen."

Anyone desiring to examine one of the filters at their residence may communicate with us, and Mr. H. L. Thiron will call upon them and fully explain the working of it.

ALOHA TOOTH POWDER

is head and shoulders above all other Tooth Powders.

We sell more of Aloha Powder than all other Tooth Powders combined.

With Aloha Powder you are sure of a dentifrice that will effectually whiten the teeth without any harmful effects. It is agreeable and pleasant to use. Try it once and you will never be without it.

Said a customer: "Your Powder seems to be better than any I have used. I have never had any irritation of the gums since using it. I have my children use it also."

That's the whole story. It came voluntarily. A bottle of Aloha Powder will convince you of the correctness of this customer's opinion.

A Map of the Hawaiian Islands will be given with each bottle as a premium. This is a handsome Lithograph Map, is about 8 by 10 inches in size, and shows clearly all the Islands.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

Mr. John A. Scott, Manager of the Hilo Sugar Company, gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 3000 tons. This is fully 10 percent more than the best work of former years."

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company."

"And by its use the extraction has been increased from 3 percent to 5 percent on all kinds of cane, and in some cases 80 percent has been reached; the average being 75 to 78 percent, according to quality."

"I continue to find the megass from shredded cane better fuel than from whole cane."

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoon."

"The shredder and engine require very little care or attention."

Plans and specifications of these Shredders may be seen at the office of
